BIOGRAPHY

Dr Andrew Renaut is a specialist colorectal and general surgeon, based in Brisbane. He trained in the UK, USA and Australia, including a dedicated period of research resulting in a Masters of Surgery and a thesis entitled Immune Mechanisms in Cancer's. He has extensive experience in laparoscopic colorectal and general surgery, and also colonoscopy and gastroscopy, in addition to surgical and medical management of gastrointestinal diseases. Dr Renaut has also undergone specialist training in critical care and the management of trauma.

Dr Renaut is also a media entrepreneur and is passionate about teaching. In addition to being a Visiting Professor of Surgery at Jiangnan University in China and Associate Professor of Surgery at both Bond and Griffith Universities, he has established, and is director of, several media ventures and online education forums including Online Medical a web design company specialising in websites for medical specialists, Videosurgery a video production company, and the Australian Institute of Medical Education (AIME) - a not-for-profit education forum for GPs, medical students and nurses.
