BIOGRAPHY

Dr Craig Mills is a Melbourne Orthopaedic Surgeon who completed his undergraduate training at Melbourne University in 1983 and completed his training in Orthopaedic surgery in 1991. Dr Mills has additionally completed post-fellowship AOA accredited fellowships in ankle surgery and shoulder surgery at Henderson Clinic Melbourne. He has published in peer reviewed international journals on knee surgery and hip surgery.

In 2015 he completed AMA Impairment assessment training and successfully completed accreditation for Spine, Lower Limb, Upper Limb and Core modules. Dr Mills continues to work in large joint reconstructive and replacement orthopaedics in private practice. He travels to remote areas for community service oriented orthopaedics.
