

DR STEPHEN FLECKNOE-BROWN

HAEMATOLOGIST | MBBS, FRACP, FRCPA, FRSM

MINDSENSE
CENTRE OF PSYCHIATRY

Overview

Dr Stephen Flecknoe-Brown is a well-established figure in the medical field, with a deep background in haematology and infectious diseases. His academic journey began with an MBBS from Monash University in 1973, followed by multiple fellowships including FRCPA and FRACP. Dr Flecknoe-Brown's expertise extends to areas such as HIV, Hepatitis B and C, and other infectious diseases, making him a pivotal resource in both clinical and advisory capacities.

Professionally, Dr Flecknoe-Brown has held various high-profile positions across Australia, including Director of Clinical Training and Senior Academic Clinician at the University of Queensland Rural Clinical School. His current roles include being an Associate Professor of Medicine at the University of NSW Port Macquarie Rural Clinical School and a member of the Governance Committee at the Royal Australasian College of Physicians. With a career spanning several decades, Dr Flecknoe-Brown continues to contribute significantly to medical practice and education, especially in rural healthcare settings.
