

DR DAVID FREIBERG

RESPIRATORY & SLEEP MEDICINE PHYSICIAN | MB BS (HONS),
FRACP, FAMLC

MINDSENSE
CENTRE OF PSYCHIATRY

Overview

Dr David Freiberg stands at the forefront of respiratory and sleep medicine, bringing over 25 years of dedicated service to South-West Sydney. As the esteemed founder and medical director of Meredith Respiratory and Sleep Centres—the largest facility of its kind in Southern and Western Sydney—Dr Freiberg is a pillar in both private practice and leading hospital environments, including prestigious lecturing roles at NSW and Sydney Universities.

Under his leadership, Meredith Centres boast a large team of top-tier professionals, ensuring the delivery of world-class healthcare and premier facilities that are both high in quality and widely accessible. Dr Freiberg holds distinguished fellowships with the Royal Australasian College of Physicians (FRACP) and the Australian Medicolegal College (FAMLC), specializing in Thoracic and Sleep Medicine. Additionally, he is a skilled assessor of Permanent Impairment for Workers Compensation and Motor Vehicle Accident Schemes, further highlighting his expertise and commitment to the field.
